

# Puget Sound Nutrient Forum Agenda

Next phase of Salish Sea modeling: Proposed Year 2

Optimization Scenarios

February 23, 2022 1:30pm-3:30pm

[Register here](#) to attend the meeting via Webex.

You may view a [meeting packet](#) that describes our proposed list of Year 2 Optimization Scenarios, which is also posted on the [Nutrient Forum webpage](#). Participants are encouraged to review it ahead of time if possible.

1:30pm	<b>Puget Sound Nutrient Reduction Project Overview</b> (Kelly Ferron)
1:40pm	<b>Brief recap of latest Salish Sea modeling results</b> (Kelly Ferron) <ul style="list-style-type: none"><li>• Highlights of results in <a href="#">Optimization Scenario Tech Memo</a></li></ul>
1:50pm	<b>Modeling objectives &amp; high-level walkthrough of Salish Sea modeling scenarios</b> (Dustin Bilhimer) <ul style="list-style-type: none"><li>• How we designed and will use next set of modeling scenarios</li><li>• WWTP Load Reduction Frameworks</li><li>• Watershed Load Reduction Frameworks</li><li>• Proposed draft scenarios</li><li>• Feedback we're looking for from Forum</li></ul>
2:30pm	<b>Q &amp; A</b>
~short break~	
We will reconvene to go deeper into some of the modeling assumptions for those Forum members that want to go in more depth.	
3:00pm	<b>Technical deep dive into modeling scenarios</b> (Dustin Bilhimer) <ul style="list-style-type: none"><li>• A short presentation on the tables that were included in the meeting packet to discuss and answer detailed questions about the proposed scenarios.</li></ul>
3:30pm	<b>Adjourn</b>
